TO INS AND TO WHOM IT MAY CONCERN

Re: Mr. Onsy Zakhary and his wife Fadia

Dear Sir/Madam:

I have the honor to inform you that Mr. Onsy Zakhary and his wife will be in an imminent danger if they are deported to Egypt. From the history that is available in his case and because of the recent increasing attacks and persecution, I can assure that they will face definite persecution.

If deported, they have to face the unjust trial of the biased Egyptian courts. That will be their best scenario as they may be killed by the fanatic Muslims before the government lays its hands on them or even if they go to jail. The tide of persecution against Christians of Egypt has escalated to a grave extent. No single day passes without a Christian being killed or his property destroyed or a minor girl is kidnapped and raped. This situation became worse in the last two years.

While there are many illegal Muslim people in the USA who may be connected to terrorists or some sleeping cells in one way or another, I find that Mr. Onsy Zakhary and his wife's deportation will not benefit our country but definitely will jeopardize their lives. I add my appeal to the hundreds of American Copts and other Human rights concerned people who are asking for allowing them to stay in USA. Please do your best to reveal these facts to the USA authorities so that God will guide them accordingly.

Than you very much and God bless you.
